Butler Family Hesburgh Library Endowment

A GIFT FROM

Nancy Oare Butler

As Notre Dame ascends in rankings among its peers, the Butler Family Endowment supports this climb to excellence by enabling the provision of the resources, programs, and services that undergird the academic enterprise at Our Lady’s University. It has made possible state-of-the-art training of library personnel; the acquisition of seminal resources, such as *The Chronicle of Higher Education* online; and books critical to academic inquiry at all levels. Moving forward, the endowment will certainly continue to be a major asset to the Hesburgh Libraries.
