The Tom and Sarah Mulcahy Family
Endowed Collection in Irish Studies

Tom Mulcahy (’57) is the senior vice president of investments of Robert W. Baird & Company and was recognized with an award for the top team in the Baird firm. A past president and current board member of the Notre Dame Club of Milwaukee, Tom served on the Notre Dame National Alumni Board from 1973 to 1976. He has been the recipient of the Notre Dame Club of Milwaukee’s Man of the Year Award and was given its initial Lifetime Merit Award for his years of outstanding service and contributions. A former president of the parish council at St. Eugene Catholic Church, he also serves on the board of the Medical College of Wisconsin.

A Saint Mary’s College graduate, Sarah has been active in her alma mater’s Madeleva Society. She and Tom are the parents of four children, one of whom, Terry, is a member of the Notre Dame Class of 1982.

The Mulcahy Endowment supports the acquisition of materials that fill gaps in the libraries’ Irish studies collections; important library resources that supplement English and Irish approval plans; resources in Irish history, literature, language, politics, and culture; and extensive resources in video and film. It also supports acquisitions of works by important publishers, such as the Dolmen Press, and 18th-century drama, a genre which is rapidly growing into a substantial resource. Finally, the endowment has made possible the purchase of significant rare works, such as an early edition of *The Celtic Twilight* by W.B. Yeats.
