Raymond and Mary Kennedy Family Library Endowment

Supporting the Hesburgh Libraries in the most flexible and enabling way possible, the Raymond and Mary Kennedy Family Library Endowment facilitates our support of the academic programs of the University as they develop, grow, and take on forms not envisioned at their inception. For that is what the academic process is: continual growth and change that must be supported in a meaningful way by a library and its resources, programs, and services.

As economic and political times and circumstances shift to occasional uncertainty, we find comfort in the fact that we have a steadfast partner to assist us in what we do as librarians and develop who and what we are as professionals, all in support of the mission of Our Lady’s University.
